

June 25, 2020

Selectboard Town of Wayne P.O. Box 400 Wayne, Maine 04284

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Wayne for the year ended June 30, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, Government Auditing Standards and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 20, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town of Wayne are described in Note 1 of Notes to Financial Statements. We noted no transactions entered into by the Town of Wayne during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

As described in Note 1 of Notes to Financial Statements, the Town of Wayne changed accounting policies related to Governmental Accounting Standards Board (GASB Statement) No. 83, "Certain Asset Retirement Obligations" and GASB Statement No. 88, "Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements" in 2019. There was no impact in the financial statements based on the cumulative effect of these accounting changes.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the governmental activities, each major fund and the aggregate remaining fund information of the Town of Wayne's financial statements were:

Depreciation expense which is based on the estimated useful lives of capital assets
Accrued compensation
Deferred property tax revenues

Management's process for determining the above estimates is based on firm concepts and reasonable assumptions of both historical and future events. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements are reflected in the capital assets, long-term obligations and fund balance footnotes.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. A schedule of any uncorrected misstatements has been presented to management with the management representation letter. We did not identify or propose any adjustments of misstatements as a result of audit procedures that were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated February 21, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town of Wayne's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town of Wayne's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

However, we noted certain other matters that we reported to management of the Town of Wayne in a separate letter dated June 25, 2020.

Other Matters

We applied certain limited procedures to the Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the Selectboard and management of the Town of Wayne and is not intended to be, and should not be, used by anyone other than these specified parties.

Very Best,

INDEPENDENT AUDITORS' REPORT

Selectboard Town of Wayne Wayne, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Wayne, Maine, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Wayne, Maine's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Tel: (800) 300-7708

(207) 929-4606

Fax: (207) 929-4609

www.rhrsmith.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Wayne, Maine as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison and OPEB information on pages 4 through 10 and 46 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Wayne, Maine's basic financial statements. The Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital assets schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital assets schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of

the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital assets schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

RHR Smith & Company

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2020, on our consideration of the Town of Wayne, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Wayne, Maine's internal control over financial reporting and compliance.

Buxton, Maine June 25, 2020

REQUIRED SUPPLEMENTARY INFORMATION MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019

(UNAUDITED)

The following management's discussion and analysis of Town of Wayne, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2019. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Wayne's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, OPEB information, and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position - this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities - this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have one column for the Town's activity. The type of activity presented for the Town of Wayne is:

Governmental activities - The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). All of the Town's basic services are reported in governmental activities, which include general government, public safety, highways and roads, education, organizations and social services, sanitation, recreation and unclassified.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Wayne, like other local governments uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Wayne can be categorized as governmental funds.

Governmental funds: All of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Wayne presents two columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in

fund balances. The Town's major governmental fund is the general fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund, a Schedule of Changes in Net OPEB Liability, a Schedule of Changes in Net OPEB Liability and Related Ratios, a Schedule of Contributions - OPEB and Notes to Required Supplementary Information.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position, and changes in net position of the Town's governmental activities. The Town's total net position for governmental funds is \$4,217,016 compared to \$4,120,353 in the prior year, an increase of 59,346.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased to a balance of \$1,283,984 at the end of this year for governmental activities.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

Table 3
Town of Wayne, Maine
Fund Balances - Governmental Funds
June 30,

	2019		2018		
Major Funds:					
General Fund:					
Committed	\$	100,000	\$	100,000	
Unassigned		434,928		495,661	
Total Major Funds	\$	534,928	_\$_	595,661	
Nonmajor Funds:					
Special Revenue Funds:	_				
Assigned	\$	33,632	\$	30,202	
Unassigned		(10,042)		(7,110)	
Capital Projects Funds:					
Assigned		615,983		513,627	
Unassigned		(12,815)		(2,375)	
Permanent Funds:					
Restricted		59,346		72,047	
Total Nonmajor Funds	<u>\$</u>	686,104		606,391	

The general fund total fund balance decreased by \$60,733 from the prior fiscal year mainly due to transfers to other funds. The nonmajor funds total fund balances increased by \$79,713 from the prior fiscal year primarily due to revenues, bond proceeds and transfers from other funds that exceeded expenditures.

Budgetary Highlights

There was no significant difference between the original and final budget for the general fund.

The general fund actual revenues were over budgeted amounts by \$17,184. This was primarily due to all categories being receipted over budgeted amounts except for property taxes and charges for services.

The general fund actual expenditures were over budget by \$27,917. All expenditure categories were under budget with the exception of general government, highways and roads and unclassified.

Capital Assets and Debt Administration

Capital Assets

As of June 30, 2019, the net book value of capital assets recorded by the Town increased by \$75,157. This increase was a result of capital additions of \$264,348 less current year depreciation expense of \$189,193.

Table 4 Town of Wayne, Maine Capital Assets (Net of Depreciation) June 30,

	 2019	2018		
Land Buildings and improvements Machinery and equipment Vehicles	\$ 705,000 230,639 30,562 297,425	\$	705,000 248,668 37,051 309,060	
Infrastructure	 2,317,062		2,205,752	
Total	\$ 3,580,688	\$	3,505,531	

Debt

At June 30, 2019, the Town had \$707,000 in bonds outstanding versus \$697,000 last year. Refer to Note 6 of Notes to Financial Statements for detailed information.

Currently Known Facts, Decisions or Conditions

Economic Factors and Next Year's Budgets and Rates

The Town has steadily maintained a sufficient unassigned fund balance to sustain government operations for a period of approximately one month, while also maintaining significant reserve accounts for future capital and program needs.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Finance Department at P.O. Box 400, Wayne, Maine 04284.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Wayne was incorporated under the laws of the State of Maine. The Town operates under the Town manager form of government and provides the following services: general government, public safety, highways and roads, sanitation, education, recreation and unclassified.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The Town's combined financial statements include all accounts and all operations of the Town. We have determined that the Town has no component units as described in GASB Statement No. 14 and amended by GASB Statements No. 39 and No. 61.

Implementation of New Accounting Standards

During the year ended June 30, 2019, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 83 "Certain Asset Retirement Obligations". This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires that recognition occur when the liability is both incurred and reasonably estimable. The determination of when the liability is incurred should be based on the occurrence of external laws, regulations, contracts or court judgments, together with the occurrence of an internal event that obligates a government to perform asset retirement activities. Laws and regulations may require governments to take specific actions to retire certain tangible capital assets at the end of the useful lives of those capital assets, such as decommissioning nuclear reactors and dismantling and removing sewage treatment plants. Other obligations to retire tangible capital assets may arise from contracts or court judgments. Internal obligating events include the occurrence of contamination, placing into operation a tangible capital asset that is required to be retired, abandoning a tangible capital asset before it is placed into operation or acquiring a tangible capital asset that has an existing ARO. This Statement also requires disclosure of information about the nature of a government's AROs, the methods and assumptions used for the estimates of the liabilities and the estimated remaining useful life of the associated tangible capital assets. If an ARO (or portions thereof) has been incurred by a government but is not yet recognized because it is not

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

reasonably estimable, the government is required to disclose that fact and the reasons therefor. This Statement requires similar disclosures for a government's minority shares of AROs. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 88 "Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements". This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences and significant subjective acceleration clauses. Management has determined the impact of this Statement is not material to the financial statements.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. All activities for the Town are categorized as governmental.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) is reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net investment in capital assets; restricted net position and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions (general government, public safety, etc.) excluding fiduciary activities. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

Measurement Focus - Basic Financial Statements and Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the Town:

Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

Major Fund

a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Nonmajor Funds

 Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- c. Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.
- d. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended, and unless otherwise specified, only earnings, and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

The emphasis in fund financial statements is on the major funds in the governmental activity category. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. Both fiduciary funds and component units that are fiduciary in nature have been excluded from these financial statements.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

- 1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. A meeting of the Selectboard was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
- 3. The budget was adopted subsequent to passage by the inhabitants of the Town.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations and credit unions
- Repurchase agreements
- Money market mutual funds

The Town of Wayne has no formal investment policy but instead follows the State of Maine Statutes.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables

Receivables include amounts due from governmental agencies. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible. Allowances for uncollectible accounts netted with accounts receivable were \$24,740 for the year ended June 30, 2019. The allowance for uncollectible accounts is estimated to be \$0 as of June 30, 2019.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of Governmental Funds.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

Estimated useful lives are as follows:

Buildings 20 - 50 years Infrastructure 50 - 100 years Machinery and equipment 3 - 50 years Vehicles 3 - 25 years

Long-term Obligations

The accounting treatment of long-term obligations depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term obligations to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term obligations consist of bonds payable and net OPEB liability.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

<u>OPEB</u>

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, management received and relied on an actuarial report provided to them by the Maine Municipal Employees Health Trust (MMEHT), which determined the Town's fiduciary net position as a single employer defined benefit plan based on information provided solely by MMEHT to complete the actuarial report. Additions to/deductions from the MMEHT OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by MMEHT. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

Nonspendable - This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted - This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified or rescinded only through a Town meeting vote.

Assigned - This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the Selectboard.

Unassigned - This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has one type of this item, deferred outflows related to OPEB. This item is reported in the statement of net position.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has deferred tax revenues, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes also qualify for reporting in this category. This item is reported in both the statement of net position and governmental funds balance sheet. Deferred inflows of resources related to OPEB qualifies for this type of reporting. This item is reported only in the statement of net position. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied July 24, 2018 on the assessed value listed as of April 1, 2018, for all real and personal property located in the Town. Taxes were due in three installments on October 1, 2018, January 31, 2019 and April 1, 2019. Interest on unpaid taxes commenced on October 2, 2018, February 2, 2019 and April 2, 2019, at 7% per annum.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay and amounted to \$10,695 for the year ended June 30, 2019.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services or privileges provided; operating or capital grants and contributions, including special assessments).

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Town's investment policies, which follow state statutes, require that all investments be made considering the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

Deposits:

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

At June 30, 2019, the Town's deposits amounting to \$1,358,377 were comprised of bank deposits of \$1,253,179. Of these deposits, \$250,000 were fully insured by federal depository insurance and consequently was not exposed to custodial credit risk. The remaining deposits of \$1,003,179 were collateralized with securities held by the financial institution in the Town's name.

Account Type	 Bank Balance	
Checking accounts	\$ 83	
Sweep accounts	1,253,096	
	\$ 1,253,179	

Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does not have a policy for custodial credit risk for investments.

At December 31, 2019, the Town had \$0 of investments.

Credit risk - Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does not have an investment policy on credit risk. Generally, the Town invests excess funds in savings accounts and various insured certificates of deposit.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Interest rate risk - is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2019 consisted of the following individual fund receivables and payables:

	eceivables Due from)	Payables (Due to)		
General Fund Nonmajor Special Revenue Funds Nonmajor Capital Projects Funds	\$ 31,504 33,632 511,312	\$	544,944 10,042 12,815

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 6 - OTHER LONG-TERM OBLIGATIONS

The following is a summary of changes in the other long-term obligations for the year ended June 30, 2019:

	Balance, 7/1/18(Restated)Additions			Deletions		Balance, 6/30/19		Current Portion		
Accrued compensated absences Net OPEB Liability	\$	16,664 13,784	\$	1,608 970	\$	-	\$	18,272 14,754	\$	18,272
	_ \$	30,448	_ \$	2,578	\$	_	\$	33,026	\$	18,272

Please see Notes 7 and 14 for detailed information on other long-term obligations.

NOTE 7 - ACCRUED COMPENSATED ABSENCES

The Town's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as long-term obligations in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2019, the Town's liability for compensated absences is \$18,272.

NOTE 8 - RESTRICTED FUND BALANCES

At June 30, 2019, the Town had the following restricted fund balances:

Nonmajor permanent funds (Schedule H)

\$ 59,346

NOTE 9 - COMMITTED FUND BALANCE

At June 30, 2019, the Town had the following committed fund balance:

General fund:

Reserved for FY 2020 budget

\$ 100,000

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 10 - ASSIGNED FUND BALANCES

At June 30, 2019, the Town had the following assigned fund balances:

Nonmajor special revenue funds (Schedule D)	\$ 33,632
Nonmajor capital projects funds (Schedule F)	615,983
	\$ 649,615

NOTE 11 - DEFICIT FUND BALANCES

At June 30, 2019, the Town had the following deficit fund balances:

Boat Launch	\$ 368
Ladd Improvements	900
Ladd Rec Center Operations	8,774
Former Pettengill Property	1,097
Land and Buildings	11,562
Emergency Management	156
	\$ 22,857

NOTE 12 - RISK MANAGEMENT - PARTICIPATION IN A PUBLIC ENTITY RISK POOL

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the Town participates in a public entity risk pool sponsored by the Maine Municipal Association. The Maine Municipal Association Group Risk Pool is a state chartered pool established exclusively for Maine municipalities. The pool provides certain property, liability, fidelity and vehicle coverage. If the assets of the pool are at any time actuarially determined to be insufficient to enable the pool to discharge its legal obligations, other obligations and actuarially sound reserves, the pool has the power to make up the deficiency by the levy of a prorated assessment. There have been no deficiencies during the past three years and management believes that no deficiency exists at June 30, 2019.

The Town is a member of the Maine Municipal Association - Property and Casualty Pool and pays an annual premium for its coverage. Under the property portion of the policy, coverage is provided after a per occurrence deductible is met. The limit of coverage for liability claims brought under the Maine Tort Claims Act is \$400,000 per occurrence. A \$2,000,000 limit of liability is provided for liability claims outside the Maine Tort Claims Act. There is no aggregate liability limit. Coverage for Public Officials Liability, including Employment Practices, is a part of the program. Coverage is on an

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 12 - RISK MANAGEMENT - PARTICIPATION IN A PUBLIC ENTITY RISK POOL (CONTINUED)

occurrence basis, rather than a "claims made" form. A \$2,000,000 limit of liability is provided for all claims for Wrongful Acts seeking monetary damages pursuant to federal or state law for which the Maine Tort Claims Act does not provide immunity or limitations. Each member has a \$4,000,000 annual aggregate limit. An annual sublimit of \$100,000 per member applies for all back wages and/or future salary awards for employment related claims, subject to a \$5,000 retention and a 10% contribution by the member.

The Town is also a member of the Maine Municipal Association - Worker Compensation Trust Fund ("Fund"). The Fund was created to formulate, develop and administer a program of modified self-funding for the Fund's membership, obtain lower costs for worker's compensation coverage and develop a comprehensive loss control program. The Town pays an annual premium to the fund for its worker's compensation coverage. The Town's agreement with the Fund provides that the fund will be self-sustaining through member premiums and will provide, through commercial companies' reinsurance contracts, coverage for claims in excess of \$1,000,000.

The Town is also a member of the Maine Municipal Association - Unemployment Compensation Group Fund ("MMA UC Fund"). The MMA UC Fund was created to assist in meeting members' obligations under the Employment Security Act in an efficient and cost-effective manner. The Fund is composed of individual municipalities and other public and related non-profit entities that are individually self-insured but administered as a group. Within the Fund, each member has a separate account. As such, the Town makes quarterly payments into their account, based on rates developed by MMA's consulting actuary. Claims, if any, are paid out of the Town's own account. The Maine Department of Labor classifies MMA's UC Fund members as Direct Reimbursement Employers. In other words, the Fund reimburses the Maine DOL on the Town's behalf only when the Town has unemployment claims from present or former employees.

Occasionally, the Town may have layoffs or resignations or even a part-time employee losing a primary job, that lead to larger claims payments than anticipated. When claims exceed the balance of the Town's account, the UC Fund continues to pay the Town's claims with no regard for the negative balance. Repayment of a negative balance is spread out over a period of years to avoid a financial hardship to the Town.

Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2019. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 13 - OVERLAPPING DEBT

The Town is responsible for its proportionate share of County and Regional School Unit debt. At June 30, 2019, the County of Kennebec had no outstanding debt. The Town's share of school debt was as follows:

	Outstanding	Town's		Total
	Debt	Percentage		Share
RSU #38	\$ 13,022,283	17.04%	\$	2,218,997

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

MAINE MUNICIPAL EMPLOYEES HEALTH TRUST

Plan Description

The Town and Town retirees contribute to the Town's OPEB Plan with the Maine Municipal Employees Health Trust (MMEHT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the Town and/or the Town retirees. MMEHT is a fully funded, self-insured trust which provides benefits to municipal and quasi-municipal organizations and county governments and acts as the agent to the Town concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MMEHT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MMEHT participants and are administered by a number of third-party administrators contracted by MMEHT. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. MMEHT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by MMEHT at (800) 852-8300.

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their surviving spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The Plan also provides an automatic life insurance benefit of \$2,000 to participants which includes a surviving spouse benefit for the same. The employee must meet the minimum requirement of age 55 with at least 5 years of service at retirement to be eligible for the Plan. The retiree must enroll when first eligible and continue coverage without interruption.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Employees Covered by Benefit Terms

At January 1, 2019, the following employees were covered by the benefit terms:

Active members	3
Retirees and spouses	0
Total	3

Contributions

Retiree and spouse premium amounts are funded by the retiree at the rate for the coverage elected by the retiree. Premium rates are those determined by the MMEHT's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage. Retirees and spouses must contribute 100% of the premium amounts. The sponsoring employer pays the remainder of the premium. Medical benefits are provided for the life of the retiree and surviving spouses.

Retiree Premium Amounts:

The following monthly premium amounts were reported on the individual data file. Actual plan election was reflected in expected retiree premium amounts.

<u>Pre-Medicare</u>	Single Coverage	Family Coverage
POS 200	\$956.96	\$2,146.58
POS C	\$1,044.20	\$2,342.30
<u>Medicare</u>		
Medicare-Eligible Retirees	\$527.65	\$1,055.29

Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the Town reported a liability of \$14,754 for its total OPEB liability for this Plan. The total OPEB liability was measured as of January 1, 2019 and was determined by an actuarial valuation as of that date. The Town's total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

For the year ended June 30, 2019, the Town recognized OPEB expense of \$983. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		MMEHT				
	Deferre	d Outflows	Defer	red Inflows		
	of Re	sources	of Resources			
Differences between expected and actual experience Changes of assumptions Contributions subsequent to the measurement date	\$	701 282 3 -	\$	- 1,297 -		
Total	\$	986	\$	1,297		

\$3 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

		MMEHT
Plan year ended December 31:		
2020	. \$	(19)
2021		(19)
2022		(19)
2023		(19)
2024		(19)
Thereafter		(217)

Discount Rate

The discount rate is the assumed interest rate used for converting projected dollar related values to a present value as of January 1, 2019. The discount rate determination is based on the high quality AA/Aa or higher bond yields in effect for 20-year, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index. The rate of 4.10% per annum for December 31, 2019 was based upon a measurement date of December 31, 2018. The sensitivity of net OPEB liability to changes in discount rate are as follows:

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

	1% Discount Decrease Rate 3.10% 4.10%		100000000000000000000000000000000000000		1% Increase	
			4.10%	5.10%		
Total OPEB liability Plan fiduciary net position Net OPEB liability	\$	17,135 - 17,135	\$	14,754 - 14,754	\$	12,822
Plan fiduciary net position as a percentage of the total OPEB liability		0.00%	1	0.00%		0.00%

Healthcare Trend

The healthcare trend is the assumed dollar increase in dollar-related values in the future due to the increase in the cost of health care. The healthcare cost trend rate is the rate of change in per capita health claim costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design and technological developments. The sensitivity of net OPEB liability to changes in healthcare cost trend rates are as follows:

	De	1% ecrease		althcare nd Rates	1% Increase		
Total OPEB liability Plan fiduciary net position Net OPEB liability	\$	12,587 - 12,587	\$	14,754 - 14,754	\$	17,476 - 17,476	
Plan fiduciary net position as a percentage of the total OPEB liability	(0.00%	(0.00%		0.00%	

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of January 1, 2018, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

For medical and pharmacy, historical claims and census records were assembled and provided through June 30, 2017. Medicare and non-Medicare eligible medical and prescription experience were analyzed. It was assumed that current enrollment distribution of benefit options would remain constant in the future for retirees. The cost was distributed based on the current covered population and the actuary's standard age curves which vary by age, gender and Medicare status. Children costs are converted to a load on the non-Medicare retirees which implicitly assumes that future retirees will have the same child distribution as current retirees.

Amortization

The total OPEB liability of this Plan is amortized on an open 30-year period. The amortization method is a level dollar amortization method.

Assumptions

The actuarial assumptions used in the January 1, 2019 actuarial valuation was based on economic, demographic and claim and expense assumptions that resulted from actuarial studies conducted for the period of December 31, 2018 and December 31, 2019.

Significant actuarial assumptions employed by the actuary for economic purposes are the assumptions that were adopted by Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016 and based on the experience study covering the period from June 30, 2012 through June 30, 2015. As of January 1, 2019, they are as follows:

Discount Rate - 4.10% per annum.

Trend Assumptions:

Pre-Medicare Medical - Initial trend of 8.20% applied in 2018 grading over 14 years to 4.00% per annum.

Pre-Medicare Drug - Initial trend of 9.60% applied in 2018 grading over 14 years to 4.00% per annum.

Medicare Medical - Initial trend of 4.93% applied in 2018 grading over 14 years to 4.00% per annum.

Medicare Drug - Initial trend of 9.60% applied in 2017 grading over 14 years to 4.00% per annum.

Administrative and claims expense - 3% per annum.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

Future plan changes - Assumes that the current Plan and cost-sharing structure remain in place for all future years.

Significant actuarial assumptions employed by the actuary for demographic purposes are the assumptions that were adopted by Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016 and based on the experience study covering the period from June 30, 2012 through June 30, 2015. As of January 1, 2019, they are as follows:

Retirement Rates - Rates vary for plans with no explicit employer subsidy (or payment) versus those plans defining an explicit employer subsidy (or payment). The rates are based on assumptions from the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016.

Retirement Contribution Increases - Assumed to increase at the same rate as incurred claims.

Family Enrollment Composition - For males, 50% of future retirees under the age of 65 and 50% of current retirees are married and elect spousal coverage while females are at 30% for both. 25% of male and female future retirees over the age of 65 are married and elect spousal coverage.

Age Difference of Spouses - Husbands are assumed to be 3 years older than wives.

Administrative expenses - Included in the per capita claims cost.

Disability Incidence - Disabled lives will be considered active employees and will not be valued separately.

Salary Increase Rate - 2.75% per year assumed using the level percentage of pay entry age method.

Dates of Hire - Needed to be assumed for some employees and will be based on the average age at hire for similar employees.

Rate of Mortality - Based on 104% and 120% of the RP2014 Total Dataset Healthy Annuitant Mortality Table, respectively for males and females, using the RP2014 Total Dataset Employee Mortality Table for ages prior to the start of the Healthy Annuitant Mortality Table, both projected from the 2006 base rates using the RPEC _2015 model, with an ultimate rate of 0.85% for ages 20-85 grading

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

down to an ultimate rate of 0.00% for ages 111-120, and convergence to the ultimate rate in the year 2020. These rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016.

Retiree Continuation Percentage:

Medicare participant retirees - 100% assumed to continue in the plan elected.

Pre-Medicare plan retirees and active participants - 75% assumed to continue coverage once Medicare-eligible

Pre-Medicare plan spouses and spouses of active participants - 50% assumed to continue coverage once Medicare-eligible

Changes in Net OPEB Liability

Changes in net OPEB liability are recognized in OPEB expense for the year ended June 30, 2019 with the following exceptions:

Differences between Expected and Actual Experience

The difference between expected and actual experience are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. There was no difference between expected and actual experience as of January 1, 2019.

Changes in Assumptions

Differences due to changes in assumptions about future economic, demographic or claim and expense factors or other inputs are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used in the June 30, 2017 and June 30, 2016 actuarial valuations were based primarily on those used by Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2016 which were based on the experience study covering the period from June 30, 2012 through June 30, 2015. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. The amortization period was six

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 14 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (CONTINUED)

years for 2018. For the fiscal year ended June 30, 2019, there were no changes in assumptions with the exception of the claim costs and retiree contributions being updated to reflect current healthcare costs.

Differences between Projected and Actual Earnings on OPEB Plan Investments

Differences between projected and actual investment earnings are recognized in OPEB expense using a straight-line amortization method over a closed five-year period. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

OPEB Plan Fiduciary Net Position

Additional financial and actuarial information with respect to this Plan can be found at the Town Office at P.O. Box 400, Wayne, ME 04284.

NOTE 15 - DEFERRED COMPENSATION PLAN

INTERNATIONAL CITY MANAGERS ASSOCIATION RETIREMENT CORPORATION

A. Plan Description

The Town contributes to a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457 through the International City Management Association Retirement Corporation (ICMA-RC). The plan, available to all full-time Town employees, permits them to defer a portion of their salary, in addition to Town contributions, until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseen emergency. The plan is being maintained by ICMA Retirement Corporation.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) to be held in a trust for the exclusive benefit of the participants and their beneficiaries.

It is the opinion of the Town's management that the Town has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 15 - DEFERRED COMPENSATION PLAN (CONTINUED)

B. Funding Policy

The contribution requirements of plan members and the Town are established and may be amended by the Town's Selectboard. The Town will contribute up to 5% of annual salary for employees that participate in the Town's defined benefit plan.

The Town's contributions to the plan for 2019, 2018 and 2017, were \$3,445, \$2,410 and \$2,406, respectively.

NOTE 16 - EXPENDITURES OVER APPROPRIATIONS

The following appropriations were exceeded by actual expenditures for the year ended June 30, 2019:

	Excess
General Administration (Article 8)	\$ 15,239
Hearings and Elections (Article 11)	1,018
Roads (Article 18)	21,561
Land and Buildings (Article 22)	 1,106
	\$ 34,367

NOTE 17 - CONTINGENCIES AND COMMITMENTS

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the Town's financial position.

On January 24, 2017, the Town entered into a contract with Bruen Construction for highway maintenance for fiscal years 2017 through 2021 with a renewal option for 2022. The total remaining amount of these contracts are \$522,141.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 17 - CONTINGENCIES AND COMMITMENTS (CONTINUED)

On January 10, 2017, the Town entered into a contract with Bruen Construction for winter lot maintenance for fiscal years 2019 through 2021 with a renewal option for 2022. The total remaining amount of the contract is \$8,500.

On December 17, 2018, the Town entered into a contract with Robert J. Duplisea Jr. for assessing services for fiscal years ending 2020 through 2022. The total amount of the contract is for \$66,000.

On November 1, 2016, the Town entered into a contract with Norton's Lawncare for mowing, trimming and lawn care maintenance. The contract is for the period of April 1, 2018 through October 30, 2020. The total remaining amount of the contract is \$15,761.

On May 15, 2019, the Town entered into a contract with Somerset County for PSAP Call Handling. The contract is for the period of July 1, 2019 through June 30, 2021. The total amount of the contract is \$5,767.

On April 10, 2019, the Town entered into a contract with the State of Maine, Department of Public Safety, for rural patrol dispatch. The contract is for the period of July 1, 2019 through June 30, 2021. The total amount of the contract is \$20,352.

A summary of the Town's contracts are as follows:

Fiscal Year Ending	W	Bruen Const. Winter lot maintenance		Bruen Const. Highway maintenance		Robert J. Duplisea Jr. Assesor's agent		Norton ndscape	C	omerset County PSAP Calls	Ī	State of Maine Rural Dispatch
2020 2021 2022	\$	2,800 2,800 2,900	\$	171,760 174,968 175,413	\$	21,300 22,000 22,700	\$	9,944 5,817	\$	2,794 2,973	\$	10,008 10,344
	\$	8,500	\$	522,141	\$	66,000	\$	15,761	\$	5,767	\$	20,352

NOTE 18 - RELATED PARTIES

The assistant fire chief is the employee of a company that the Town sends fire equipment to be repaired and tested. The Town used this company before the assistant fire chief became an employee.

The fire chief is also the Town's Treasurer.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 19 - COMPARATIVE DATA/RECLASSIFICATIONS

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the Town's financial position and operations. Also, certain amounts presented in the prior year's data have been reclassified to be consistent with the current year's presentation.

NOTE 20 - RESTATEMENTS

The net position of the governmental activities has been restated at June 30, 2018 to account for the implementation of GASB Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other than Pensions - an amendment of GASB Statement No. 45, as amended (issued 06/04), and GASB Statement No. 57 (issued 12/09). The beginning net position was restated by \$13,784. The resulting restatement decreased net position from \$4,134,137 to \$4,120,353.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Selectboard Town of Wayne Wayne, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Wayne, Maine as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Wayne, Maine's basic financial statements, and have issued our report thereon dated June 25, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Wayne, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wayne, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Wayne, Maine's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Wayne, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain other matters that we reported to management of the Town of Wayne, Maine in a separate letter dated June 25, 2020.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
